**INFORMATION DISCLOSURE STATEMENT**

Sir:

In accordance with 37 C.F.R. 1.98, I am submitting a completed "INFORMATION DISCLOSURE STATEMENT BY APPLICANTS" (*Form PTO/SB/08A*) with patents and/or publications as delineated therein attached.

EP 0 982 548 discloses that each of the hollow profile boxes (2) is a one-piece body with a slot aperture (28) extending over its entire length to the face-side ends. Between parallel running longitudinal edges (30,32) parts (34,36,36-2) are insertable in the longitudinal direction or are suspendable or securable in the profile cross direction. Between the hollow profile boxes (2) a steam withdrawal path (12,20) is formed.

DE 199 50 829 discloses that the fixing device has a holder (6) for securing a module (2) at a given distance behind an appliance front panel (4), provided with a panel front surface (8) and 2 lipped edges (10,12) directed rearwards. The holder is provided by a rectangular frame with a hanging surface (32) at the rear of at least one side edge (22), cooperating with a corresponding surface (34-1) of one front panel lipped edge, the opposite side edge (26) of the holder and lipped edge of the front panel having cooperating locking elements (36,38; 40,42).

EP 0 541 053 discloses an invention and the invention relates to a handle with an electric switching device (2) which is designed as a unit which can be inserted into and is integrated into the hollow handle (1) and the switching contacts of which can be actuated through the wall of the handle and which is connected to an energy supply unit (5) which is likewise inserted into a seat in the hollow handle (1). The switching device (2) can have an infra-red or light-control device which is known per se and is particularly intended for arrangement on a smoke-extracting hood.

Attorney Docket No. 2002P01436WOUS

1009 Rec'd PCT/PTO 16 JUN 2005

If no translation of [redacted] portions of any foreign language patent publications mentioned within the "INFORMATION DISCLOSURE STATEMENT BY APPLICANTS" is included with the aforementioned copies of those applications, patents and/or publications, it is because no existing translation is readily available to the Applicants. As per the Notice in 1273 OG 55 (August 5, 2003) no copies of any above-mentioned US patents and US patent application publications are submitted for this application which was filed after June 30, 2003.

Respectfully submitted

  
John T. Winburn
